1212 EAST MAIN STREET, RICHMOND

NEWS OF SOUTH RICHMOND

READY FOR GAS

Southsiders Will Be Supplied from City Plant at Early Date.

Everything is now in readiness for supplying residents of the Southside with a direct supply of gas from the City Gas Works. About thirteen miles of mains have been laid under the streets, and arrangements have been made to serve more than 100 homes at once. The large pipe which will convey the gas from the city's plant on the Northside to the underground mains on this side of the river has been laid over the new Mayo Bridge, and is only waiting for the approach of the bridge to be completed before being connected. Unless there is a great delay, it is expected that the gas will be turned on in the houses by the middle of next month.

By the new system consumers will be supplied with a product made from cold water and coal at the rate of 60 cents per thousand cubic feet. The gas is ideal for heating purposes, and is also used for illumination. That now being furnished by the Manchester Light, Heat and Power Co., Inc., a private concern, is used principally for lighting purposes, and while there will be naturally some competition between the latter and the city, they will not directly conflict.

READY FOR CELEBRATION

Interesting Program is Arranged for Fourth of July Pageant.

Youngsters on the Southside will be given an opportunity next Friday to display some of their patriotic spirit, which generally flares forth on the Fourth of July in a burst of sky rockets and gun powder, in a perfectly safe and sane manner. Final arrangements are now being completed by Odie H. Hant, physical director of the Powhatan Playgrounds, and Miss Belle Pearce, his assistant, for the big celebration of the anniversary of our independence, in which every child, boy or girl, on this side of the river, is invited to take part. For some time

the instructors have been hard at work planning the demonstration, and the public is urged to co-operate with them in making the day a success.

The affair will be staged on the grounds of the Powhatan School, and will begin promptly at 10 o'clock on the morning of the Fourth. Mr. Hant will deliver a speech of welcome, telling about the good which is being accomplished in recreation work. Miss Margaret Knight will give a recitation, and other local talent will assist in the program. To freshen the minds of the children on American history, Miss Robbins will hold a question and answer contest. Prizes will be awarded to the successful contestants.

A feature of the occasion will be threefold dances by the girls, who have been under the expert training of Miss Pearce, and they are expected to show a fine example of the terpsichorean art. Following this the boys will show their prowess in relay races, a baseball game, potato races and other athletics. With the stars and stripes outstretched, a patriotic flag drill, marched to the "Star Spangled Banner," will wind up a most interesting program.

NEW POSTAL RULES

Parcel Post Changes Went Into Effect Yesterday.

Two important innovations in the government's mail service, the C. O. D. parcel post and the use of ordinary stamps in the new system, went into effect yesterday morning in Manchester Post Office. With the C. O. D. feature, postage due on a package may be collected from the addressee, and also the amount for which the sender sells the article. A money order fee will be collected on the latter and receipts given for the payments.

By the regulations, the distinctive parcel post stamp will be abolished, and no more will be printed after the present sticker is used. The ordinary postage sticker is valid from now on for all purposes. In order to more quickly reduce the supply on hand, Uncle Sam has issued an order allowing the parcel post stamp to be used for carrying

letters and other mail. Believing that the delivery of the mails should be under one responsible head, the postal authorities installed the new screen wagon service yesterday in Manchester Station. In the first tryout, Superintendent L. B. Lloyd noted a great deal of improvement over the old method, the deliveries and collections of outgoing and incoming mails being handled quicker and more efficiently.

Death and Funerals of Infants.

James Theman, infant son of Mr. and Mrs. W. J. Gaines, died yesterday morning in the Sheltering Arms Hospital. The funeral arrangements have not yet been completed.

The funeral of Horace A. infant child of Mr. and Mrs. D. J. Walker, who died yesterday morning at the home of his parents, 2044 Midlothian Turnpike, will be held this morning at 10 o'clock from the home. The interment will be in Maury Cemetery.

Graham Lucius, infant son of Mr. and Mrs. F. E. Jackson, who were married in Washington last Monday, was buried Monday in Maury Cemetery. Rev. R. M. White officiated.

Funeral services over Evelyn Audrey, infant daughter of Mrs. J. H. Clinchy, who died last Saturday at the home of her parents, 1509 Perry Street, were held Monday at the grave in River View Cemetery. Rev. J. A. Eggleston officiated.

Newly-Weds Receive Present.

Lawrence Turner, a mail carrier of Manchester Post Office, and Miss Rosa Lee Gray, who were married in Washington last Monday, returned to their future home yesterday, at 112 Cowardin Avenue. Mr. and Mrs. Turner were presented with a beautiful oil glass water set by the postal employees as a wedding present upon their arrival. The couple will leave shortly for Cartersville, Va., where they will spend the rest of their honeymoon with Mrs. Turner's mother.

Alleged Rowdies Are Fined.

On a charge of being drunk and disorderly on a Petersburg electric car last Saturday night, A. S. Wiggs and Ruby Harris of Petersburg, were fined \$10 and costs yesterday in Police Court, Part II. Wiggs paid his fine, but the Harris woman went to jail in default of payment.

The police are still searching for a brass pump, valued at \$100, which has been missing for several days from the site of the Manchester Board and Paper Company. It is believed the pump

was stolen and taken across the river in a boat.

Personal and General.

Rev. C. W. McElroy, who has been confined to his home for several days with acute indigestion, is now much improved, and will conduct the regular prayer meeting services at Stockton Street Baptist Church to-night.

The lawn party, which was given last night at the home of Mr. Carter, on Midlothian Turnpike, was well attended, and an enjoyable evening spent by all.

Superintendent Lynton B. Lloyd, of Manchester Post Office, will take duty today at Atlantic City on August 1. He will be accompanied by J. C. Nunnally.

J. M. French, a postal clerk, will leave today for Prince George County on his vacation, where he will visit his sister, Mrs. S. B. Batte.

A joint picnic will be run by Bainbridge Street and Central Methodist Church to Virginia Beach and Cape Henry on July 14.

Mrs. E. B. Adams, of Decatur Street, is spending the summer in Holyoke, Mass.

WOODWARD TAKES PLACE ON TICKET

[Special to The Times-Dispatch.]

Norfolk, Va., July 1.—S. A. Woodward, nominated by the Citizens' party for the Legislature, and declined, now accepts. Mr. Woodward yesterday was requested by a committee to reconsider his determination, and to-day sent the following letter:

Norfolk, Va., July 1, 1913. Honorable Executive Committee of the Citizens' Party, Norfolk, Va.:

Gentlemen:—Referring to my letter of June 28, in which I declined to be a candidate for State Legislature, I beg to inform you that after having gone into the situation more thoroughly, I have decided to reconsider the position taken at that time.

I take this means, therefore, of recalling said letter and have the honor of informing your committee that I will make the run.

Faithfully yours,

S. A. WOODWARD. Mr. Woodward has never held public office except that of Councilman from the Third Ward. He is a successful real estate man.

Boy Drowns at Ocean View.

[Special to The Times-Dispatch.] Norfolk, Va., July 1.—Johnny Sturtevant, aged eight, of Portsmouth, was drowned at 5 o'clock this afternoon at Ocean View. The accident occurred in front of the pavilion, and no efforts were spared to revive the boy. Several physicians who chanced to be near went to his aid, but although they worked for an hour and a half over the body, their efforts were in vain.

Young Sturtevant was under the water for twenty minutes before his body was recovered.

Pierce Enters Dental.

[Special to The Times-Dispatch.] Alexandria, Va., July 1.—Carroll Pierce, mentioned as acting president in the bill filed yesterday in the Corporation Court for the appointment of a receiver for the News Publishing Company, Incorporated, denies that he is officially connected with the paper except as a stockholder.

Odds and Ends From the Wire

CHURCH WAITS ON TARIFF.

St. John's Stained Glass Window Held Pending New York Decision.

New York, July 1.—President Wilson, the Underwood tariff bill and the Cathedral of St. John the Divine may soon be figuring in a knotty customs problem arising from an attempt of the cathedral authorities to save \$1,300 on a stained glass window.

The window, said to be one of the finest ever brought to this country, arrived here a week ago. Under the present tariff law the duty would be 20 per cent. As the window is valued at \$10,000, the government's share would be \$2,000. Under the Senate's proposed amendment of the Underwood bill the duty would be 15 per cent, and the sum to be paid, should the Underwood bill become a law with the amendment, would be \$1,500. Hence the problem is to keep the window in the hands of the customs officials until the bill passes.

The opening in the cathedral wall was made more than two weeks ago in readiness for placing the window, but the authorities are standing pat and are prepared to play a waiting game for a month or two more if necessary.

BAN ON NEWPORT GAMBLING.

Clubs Shut Down—\$50,000 Poker Game in Private Residence.

Newport, R. I., July 1.—For the first time in twenty years the R. I. had been clamped down tight on gambling places here.

The Nautilus Club in Bath Road, which holds a State charter as a club and can run two excursions to West Point, Va., July 4th via Southern Railway, 9:30 A. M. and 4:30 P. M. 10 cents round trip.

John R. Minor

(Licensed) ARCHITECT AND SUPERINTENDENT 217 South Fourth Street, Richmond, Va.

Plans and Specifications for Public and Private Buildings Anywhere in or Out of the State. Amusement Houses a Specialty.

LET US SUGGEST

that before going on your vacation you make the following preparation:

1. See that your glasses are in good condition, and take an extra pair with you.
2. If traveling, a binocular will add to your pleasure.
3. Take a Kodak with you! There's fun in taking the pictures, and throughout the year they'll recall good times.

4. Fitting you out to follow these suggestions is our specialty.

The S. GALESKI Optical Co.

Main and 8th Sts. KODAK Headquarters 223 E. Broad St.

In defiance of local interference, will not be opened this summer, much to the surprise of its wealthy patrons in and out of the summer colony.

Mayor William MacLeod said when elected that he would close every gambling place in Newport. He did so, and the police have never ceased to watch the places where the games of chance were played.

There are roulette wheels in Newport, but these are in houses in the summer colony. Poker is also being played in private homes. Since he had recently sat in a poker game where there was more than \$50,000 represented on the table.

WOMEN SEEK ELECTION JOBS.

Move to Learn Rights Under New Illinois Suffrage Law.

Chicago, July 1.—Women suffragists have taken their first steps to gain a place in the election machinery of Cook County. Twenty-five members of the Illinois Woman's Democratic League presented to County Judge Owens a petition asking for a ruling as to the eligibility of women voters to serve as judges and clerks of elections. The question was taken under advisement.

COURT TAKES GIRL'S RING.

Will Be Given to Her Insolvent Friend's Trustee.

Philadelphia, July 1.—Sentimental considerations do not govern in bankruptcy cases, according to a decision handed down in the United States District Court here by Judge Garrison, awarding a young woman's engagement ring to the trustee appointed when her fiancé was declared insolvent. The ring, valued at \$200, was presented to Miss Sarah Simon, of this city, by Ben F. Baker within four months preceding the filing of a petition in bankruptcy against him in Bluefield, W. Va., where he was engaged in the cigar and tobacco business.

BLACK HAND AWES PASTOR.

Wilkesbarre Minister Under Guard After Threats of Death.

Wilkesbarre, July 1.—The Rev. Jonas Shupshiner, pastor of the Holy Trinity Lutheran Church, of this city, has been guarded by police and city police about his home at night because he fears an attack from the Black Hand. He has received several threatening letters, signed "The American Black Hand Society," in which he has been told that he must pay \$1,000 as tribute money, "or the like a dog."

The pastor, however, has been rescued by the police, and some pictures bloodied by the pastor, and others the Black Hand sign of five fingers clutching a dagger.

He has tried to trap the gang with the help of the police, but his efforts have failed and the letters continue to come.

TOWN DARKENED BY SNAKE.

Lights Go Out When It Climbs Pole and Short-Circuits Wires.

Mullins, S. C., July 1.—A green snake twenty inches long, threw the town of Mullins into darkness. Electric lights in stores and residences suddenly went out and did not come back. The electric light company was called to the scene, but the cause of the trouble was not discovered until this morning, when men found the snake tangled in the wires.

The reptile had crawled to the top of a pole, and coming in contact with the wires, formed a short circuit and cut off the current. The snake was electrocuted.

DECLINED POLITICAL OFFICES.

Bordenston Commissioners Get a Shock from Two Appointees.

Bordenston, N. J., July 1.—To the astonishment of the new city commissioners, Harry N. Rickard and Harry C. Ford declined to accept the posts of assessors for the Second and Third Wards, to which they were appointed. The men had not been notified as to the appointments, but it was not presumed that anybody would reject a political office.

They recovered from the shock the commissioners appointed David Brower and Daniel Clark, who have provided against any further surprises by declining to accept.

SEA BATH UNLOCKS JAWS.

Hungering Man Finds New Cure by Dipping.

Wilmington, Del., July 1.—To have lived on liquid foods for nearly six weeks because of tightly-locked jaws and an almost closed throat and suddenly to recover while bathing in salt water, is the peculiar experience of Clarence B. Cox, leader of the North End

Band and cornetist in the Brandwine Springs orchestra. An abscess caused by the cutting of a wisdom tooth and quincy at the same time almost closed Cox's throat and locked his jaws. He could eat nothing but liquids. Recovering sufficiently to go to Augustine Beach on the Scott M. E. Church excursion, Cox went bathing.

After being in the water a short time Cox was surprised to discover that he could open his mouth and that he could swallow without pain. Since then he has experienced no trouble, and he attributes his recovery to the salt water bath.

[Clipped to Be 100.

[Special to The Times-Dispatch.] Lynchburg, Va., July 1.—Monroe Adams, colored, who claimed to be 100 years old, died here to-day.

That Furry Tongue

Means a Balky Liver; Hot Springs Liver Buttons Needed.

Danger signals of torpid, lazy liver and constipation include furry, coated tongue, bad taste, headache, face blotches, general heaviness and irritability. Nature thus protests against the clogging of the bowels and retention of the poisonous body waste.

Diagnose Your Own Case.

When you feel any of the symptoms of constipation, be your own doctor, but don't prescribe calomel or any of the various drastic and body racking drugs, oils or salts. What is needed is a gentle, pleasant acting remedy that is effective, positive and thorough.

Hot Springs Liver Buttons from the world's famous health resort, Hot Springs, Ark., will keep your bowels regulated just right, while powerful purging drugs leave you all broken up, and it may take a week to recover from their effects.

Don't waste another day. Hot Springs Liver Buttons are for sale by druggists everywhere, 25c. Sample and 100 of our 17,000 testimonials mailed free by Hot Springs Chemical Company, Hot Springs, Ark.

Catarrh, Indigestion Cured Every Day

It should be gratifying to the people of Richmond to know that at last there is a medicine on the market that does cure where all others have failed. The Quaker Herb Extract is doing this every day. Here is a report from Mr. C. Doran, who resides at 625 West Avenue, Newport News, Va.: Has been a constant sufferer with catarrh of the head, dripping of mucus into the throat, which caused a hacking, spitting; his stomach was affected, nervous, bloating, pain like a lump of lead in pit of stomach, his food would belch back, fluttering of the heart, shortness of breath, dizziness, sometimes headache; his flesh commenced falling away; he was getting weak, all in for nearly three years, all the time dosing and dopping, but nothing seemed to reach his case. He was getting discouraged after spending his time and money and getting no results.

About four months ago he commenced reading in the papers about Gray, the Quaker Health Teacher, and the wonderful Quaker Herb Extract that he was introducing, and what wonderful virtue it had as a cure for Rheumatism, Catarrh in any form, Kidney, Liver, Bladder and Blood Trouble, Indigestion, Constipation, build up weak, run-down man, woman or child, and he would prove to the people that Quaker Remedies are the greatest remedies in the world, and Quaker Extract would expel all worms from children or adult. Mr. C. Doran decided to make one more try to regain his health. He procured the Quaker Herb Extract, and after twelve days reported that the Quaker Herb Extract is the greatest medicine in the world, for it has restored him back to health, his soreness in chest is gone; he eats well, has no more indigestion, and is feeling fine, and will recommend Quaker to all his friends.

The Quaker Health Teacher said this is the way he proves to the people what the Quaker Remedies are doing. Call to-day, have a talk with Gray. This is the same Gray, with the same Quaker Remedies, that cured thousands of Norfolk, Roanoke and Petersburg sufferers. It costs you nothing to talk. If you can't call, order by mail, and on receipt of price they will be sent you by express, all charges prepaid on orders of \$3.00 or over. Quaker Extract, \$1.00, six for \$5.00; 3-day three for \$2.50. Oil of Balm, for all pain, 50c; Cough Syrup, the best for cough and cold, 25c. All Healing Salve, for piles, old sores, 25c. Gray can be seen at Tragle's drug store from 9 A. M. to 9 P. M. daily. Any person afflicted with a tapeworm should get a bottle to prove that Quaker Extract will expel all worms without sickness or dieting; harmless to give to a baby.—Advertisement.
